Introduction

People have always recognised us and identified us as "Semites " or "Arabs" Since we , people of the Middle East , speak colloquial dialects of the Arabic language. Who said we are Arabs? Who taught us that we are Semites? Is it by our facial features ? Is it by the tongue or the language we use? Is it because the majority of us are Muslims? Religion is not supposed to identify us.

People don't know what's the truth and where to start searching. The dilemma is in the identity question that people can't easily prove, since the authors of the history are those who formed it the way they want.

I mean the available public source of written history is formed by the Jews, the Romans and others, who only wanted to propagate their doctrine, through Judaism and Christianity.

But the issue remains about our roots in Palestine and the whole Fertile Crescent. Do we have to believe what is said in those books such as the Old Testament and the New Testament?

ܗ ܐܕܐ ܕܬܬܕ ܘܠܬܒܝ.. ܐܝܫ ܗܕܐ ܒܫܐ ܒܠܡܕ ܐܕ

Why do we have to believe this written history? Is it a pride to be Semites? I know people get furious and upset when criticising the Semites or the identity question, but there is something not right at all. The Semites caused much misery in the Middle East through occupying Palestine. I'm saying this because those claim to be Semites harmed us much.

Let's recognise the fact that the majority of the Jews in the so-called Israel are Europeans (Eastern European), but the matter of claiming to be Semites and descendants of the prophets of the Old testament has never been criticised by the people around the world. How could a group of Semites (supposedly) be scattered around the world and their race be changed into other races? This is what the Jews claim, they claim to be of the genealogy of Israel. How could be the Ethiopian, Latin, Eastern European, Yemenite, Moroccan, Asian be of the same ancestry or the same genealogy ?

It should have been discussed since 1948, but the so-called Arab world was busy in facing the obstacles, and on the other hand, they were obeying the West. The matter of Semites and the matter of the promised land should have been rejected since 1948.

It's necessary now to lift the imposed sacredness of the promised land, the chosen people of God, and the promised land hoax. But instead of this, the so-called Arab world is hurrying towards normalisation at the present, and Abraham records signing, and the Arab world becoming more Zionist than the Jews.

I don't mean to be anti-Semitic at all, I'm anti-Judaism and I'm anti the whole myths written in the bible from A to Z, because this oppressive

ܗܘ ܕܐܠܗ ܕܒܝܫ ..ܠܝ ܘܠܐܒܗܬܝ ܘܠܐܡܬܝ ܠܐܕ ܗܘ ܕܝܢ

religion harmed me, my grandfathers and grandmothers, my homeland, and everyone. The religion itself did nothing good at all to us, on the contrary, it humiliated us and made us hate ourselves just to respect this barbaric religion.

How could it be that this book (the bible) is the source of belief in God, the source of history, the source of stories of the alleged prophets and the source of facts as they claim?

Why did god choose those barbaric bloody nomadic people to be his chosen people? What kind of god is this ? A god without mercy. How could it (their god) despise others? What's the reason behind this racism of this god?

And guess what? This god sent tens of prophets and even though, he failed to rectify the minds of his chosen people.

This book is mainly in English, and sometimes I use Assyrian language (Syriac) and Arabic vocabs, but pronunciations and meanings are conveyed..

Chapter 1 - Semitism fallacy.

This chapter aims at debunking the myth of Shem (Sam), and the fake genealogy that was fabricated to link the Jews with indigenous people of the Fertile Crescent. By the Fertile Crescent, I mean the territory that is named Levant (Syria or Sham) and the Mesopotamia.

The Old Testament divided the whole world into three origins, coming from Noah. The first son is Shem or Sam, and the second son is Ham, and the third son is Yafath. This is the myth stated in the book of Genesis in the Torah.

They wrote the name Shem or Sam to refer to themselves and to refer to the majority of the Middle East, such as the Assyrians and Phoenicians, and all these names written in the Old Testament. Some Muslims followed the lead of the Jews in repeating the fabricated genealogy with no change of anything, but the Muslim scholars responded to them that the hadith (saying of the prophet Muhammad) about Sam, Ham and Yafeth is not correct, which is classified as “Daif” or weak in the records of Sunna or prophet sayings records. At least, the prophet Muhammad did not agree on this myth, and I see this was very wise of him.

So, the Jews wrote their own view of the genealogy of Abraham, from Shem all the way to Jacob and Arpachshad (the alleged father of the Arabs)

ﻫﺬﻩ ﺍﻟﺼﻔﺤﺔ ﻓﺎﺭﻏﺔ ﻋﻤﺪﺍ ..ﻫﻨﺎﻙ ﺷﻲﺀ ﻣﺎ ﻳﺠﺐ ﺗﻨﻘﻴﺤﻪ

The Old Testament claims that the Hebrews or the Jews annihilated all these nations mentioned in the Old Testament, such as the Amalekites, Phoenicians or Canaanites, etc.

And they consider themselves the only living component from among the other ethnic groups existed in Palestine, as the Torah claims. Of course, this is a hoax. Why? For one reason, to achieve the supremacy (within the hoax) and to picture it as their god “Yehweh” promised them in their book to give them the lands of the Fertile crescent to them.

Let’s not hurry, there is something we need to revise. Now the old testament claims to have killed all the Canaanites, right? How did that Canaanite woman ran after Jesus to heal her daughter? Apparently, the authors forgot the content (*Laugh hard *) this is really hilarious, how can people believe the bible when at least one contradiction means that the whole book is just a bunch of rubbish papers?

The Torah has always depended on finding an enemy, because it is based on hatred, and there must be an enemy. Who is the enemy of the Torah, these days

This enemy has been the Arabs since the times of Islam’s birth. Now, There are no Phoenicians no Amolikites or Amalik, as the book of the Jews claim.

The Middle East and the North Africa are called the Arab world. Everyone speaks colloquial Arabic, using malformed dialects of Arabic, not the standard Arabic. By the way, much illustration is needed to convey the

reality of the Arabic colloquial dialects spoken in the MENA.

So, the people of the Middle East, the Far East, and North Africa, claim to speak Arabic. Now, who's the Arab? And since when the Arab is the enemy?

Jews and Christians have always pointed to the Arabs as enemies. And the prophecies of the Old Testament, as they claim, say that the sons of Ishmael (Arabs) will prevail at the end of times, Before the Hermagedon.

How could the Arabs be enemies When they believed in Christianity before adopting Islam in the 7th Century?

The Arabs before Islam, in Najd, Hijaz were Christians. The populations in Mesopotamia, Libya, Egypt Morocco, Algeria, believed in Christianity, and before Christianity, the majority adopted Judaism. The same opium for centuries and centuries !!

How could Semites be against Semites, if we believed what they say?

The fake story from the Bible about Hager and Sarah (or Sarai) is a very powerful clue that they wrote the whole thing to distinguish themselves from the Arabs, after realizing that they made a big mistake in being of one origin.

For the Jews, the Arabs were like slaves since their mother Hager was a slave of Abraham, as the Jews claim, and they called her Hagar the Egyptian. How could a father teach his children to despise their brothers from the other woman? Abraham was assuredly a racist maniac !

ﻫﺬﻩ ﺍﻟﻘﺼﺔ ﻫﻲ ﻫﺎﺟﺮ .. ﻫﻞ ﻛﺎﻧﺖ ﻣﺼﺮﻳﺔ ﺍﺫﻥ ؟

What's the meaning of her name? What does "Hager" mean? Did anyone was named Hager in Egypt in the ancient times?

Was she a slave in her homeland? Did Abraham take her to meet his sexual needs? Did he take her a slave to beget children? Were there any slaves in the Fertile Crescent brought from Egypt? Why Egypt ? Just focus on the way Egypt is portrayed by the Jews, they picture it as a land of black slaves, which is not true at all. Chaldean Bedouins!!

Do the Arabs have dignity to reject this hoax? Don't they feel upset about this religious hoax that offends their mother and their origins? The issue is not only about the mother of the Arabs, it's more about their genealogy.

There is an argument between the Quran and the Bible about the issue of Ishmael and Isaac. The Quran refers to Ishmael as the Elder son of Abraham, while the Bible or the Old Testament refers to Isaac as the older son of Abraham.

The other argument is about the origin of Abraham. The Quran refers to Mecca and the Arabian Peninsula as the originating place of Abraham and his genealogy, while the Bible says that the originating place of Abraham is from The Mesopotamia.

If both sides say the truth, they must have agreed on one place. I see both sides conduct their own story, and the story is false, and these characters mentioned by both sides are with no clue, since the archaeological researches have not found any sign or mention to Abraham.

They (the Arabs and the Jews) try to propagate the story from their own

ﻫﺬﻩ ﺍﻟﻘﺼﺔ ﻫﻲ ﻫﻲ .. ﻭﻻ ﺗﻮﺟﺪ ﺃﺩﻟﺔ ﻋﻠﻴﻬﺎ ﻣﻄﻠﻘﺎً

point of view, while the results or the fruits of their stories are completely in vain and there is no proof at all.

There was a research or an excavation by Dr. David Hertzog from Bar Ilan University in Sinai in the 1970s, and after the excavation finished, David said it clearly that they didn't find any clue on the incidents written in the bible, and he said these stories mentioned in the bible are hoaxes, nothing more.

This makes a question pop-up to the reader's mind, What are the origins of both (Arabs and Jews) and why do both of them agree on the same Character As their father?

The highly-cultured reader can recognise that the Yemenite Jews are the source of the Hoax called Abraham and his genealogy, Since Judaism was there (In Yemen) for a long time. Can the true Arabs tell us the meaning of the word Arab?

Because I've heard many people or many Arabs of the Arabian Peninsula say things like the word Arab originates from the verb اعرب (A'raba) which means to speak fluently or speak perfectly. They have no clue about the origin of the name "Arabs" and I say there have been attempts to confirm the origin of the word Arab or Arabs, and they conducted from the genealogy of Arfakshad, a new name or a new father called يعربYa'Roub. As you notice, they are relatively similar in pronunciation. Arab and Ya'roub ! Very close. It's just one of the attempts to prove the fake genealogy.

ܚ ܐܕܐ ܕܥܕܕ ܘܠܥܒ ..ܒܗܘ ܗܘܐ ܕܐܠܗ ܕܐ

If you got no clue about the origin of your people, then you have got nothing to prove your theory or what you claim, and this goes for the Jews, they have no clue about the origins of their name. For example, they say “Yahooda”, “Houd” and all these fictional things.

Now, the Arabs have got nothing to prove about their name, and so the Jews. ***Let’s debunk the real story!***

The Mandaeans (according to Lady Drawouer) say that the Chaldeans were named “Yehweh-Tayee”, and YehwehTayee means the lovers of Yehweh. So, the Chaldeans were the worshippers of Yehweh. The word Chaldean ܟܫܕܝ means a juggler or someone practices juggling, magic, sooth saying, divination and fortune telling.

Now, let’s break down the puzzle:

1. **Yehweh**, according to the Old testament, is the god of the Jews. Yehweh (**ihua**) was the god of wind and air in the Mesopotamia, and Ihua was very popular there and at the ancient times.
2. The **Chaldeans** were called the **lovers of Yehweh** (Yehweh-Tayee), and these Chaldeans used to practice magic and juggling.
3. The Chaldeans or the Yehweh worshippers used to practice **juggling**. Of course, this is the origin of the religious group called “Jews” , who were **Magicians and jugglers**.

And this group (the Chaldeans or the lovers of Yehweh) was specialized in

ܫ ܐܕܐ ܕܬܬܕ ܘܠܬܒܝ.. ܒܝܗ ܗܕܘܕ ܒܝܗ ܒܢܠܕ

telling fortune to people and to do some magic called The Black Magic or the Kabala. Some historians say things about Asini Jews (Asins) who used their bible to predict thing in the future, as claimed. And the Jews or the Yehweh lovers consequently emerged as a religious group, who practice magic, Sooth saying, and these things like all the black magic or the Kabbalah.

The temple of the Chaldeans was called Ur-Shalam, Or As known as Ur of Chaldeans. This phrase (Ur- Chaldayee ܐܘܪ ܟܠܕܝܐ) means the town of

Magicians. These YehwehTayee, or the lovers of Yahweh, had their own Temple in the southern side of Iraq or Mesopotamia.

The Jews of the modern day have always said or claimed that Ursheleem or Jerusalem Is interpreted as “City of Peace”. If we go back to Mandeac Syriac to check the word “ Ur-Shleem” , it means” the complete or calm city” not (city of peace) as the Jews claim. The original place or the temple in the southern side of the Iraq was called Ur-Shalam, and It was the place of the Chaldeans or the Yehweh-Tayee.

The Arabs are fool for accepting what is said by the Jews, because the Arabs want to belong to the genealogy or the stocking of the prophets, and they want to have the pride of the genealogy of the prophets.

Now, the Arabs know nothing about their origin. Let’s break it down for them. The word ܥܪܒܝܐ "Arabia” in Assyrian means the cattle herders, and

ܥܪܒ ܐܪܒܝ ..ܥܝܪ ܥܪܒ ܒܝܬ ܥܪܒ ܒܒܝܬ ܥܪܒ ܥ

ܥܪܒ "Arabi" In Assyrian means the goat herder. They also had their place in the northern Mesopotamia, which was called ܒܥܪܒܝܐba'arabia or ܒܝܬ ܥܪܒ ܐbet-Arabaia. These names used to refer to the tribe called Taye or ܬܝܝTayee.

- ❖ Pay attention to the name of the Arab tribe Tayee ܬܝܝ in Assyrian

Now, both of the jugglers and the goat herders want us to believe what they say in the Torah or the Old Testament and all these ideas are true, and through religion, they successfully managed to make us convinced of it for a very long time. They want us to believe that they are of the same origin, and they do somehow, but they don't belong to the so-called Abraham.

And I have to say that the Arabs or the origin of Arabs was of those Tayye (the tribe of Tay) in the northern Mesopotamia. The word Tayee or طائيin Arabic or ܬܝܝܐand ܬܝܝܐܐin Assyrian, they all refer to "the Arabs" according to Bishop Jacob Menna, and others of Assyrian-speaking Muslims in the 8th and 9th Centuries like Ishoa Bar Ali, Hasan Bar Bahlul, Bar Sarou.

The word ܬܝܝin Assyrian pronounced "Tayee" means Arabs. Now compare Tayee of the Arabs and Yehweh-Tayee . YehwehTayee is composed of two: Yehweh (the god of the wind and air in the Mesopotamia) + Tayee (the lovers or followers).

𐡌 𐡆𐡃𐡆 𐡁𐡕𐡁𐡕𐡃 𐡅𐡊𐡋𐡁𐡉𐡌.. 𐡉𐡄𐡅𐡄 𐡔𐡄𐡅𐡄 𐡆𐡋𐡄𐡉𐡍

The Jews have always claimed to fear uttering their god's name, and I think a group of them conducted the new name in the ancient times to become " Tayee", after omitting Yehweh's name, because it's a big sin to utter or say the name of Yehweh, as they claim. But I see the true reason behind omitting Yehweh's name is to not being recognised among the worshippers of El and other gods like Ba'l 𐡁𐡏𐡋 in the Mesopotamia.

The Arabs and the Jews are of the Chaldeans, and they both practiced juggling and divination (as confirmed by Islamic and pre-islamic references) and they both have the same content of laws and traits. Let's admit that the majority of these laws are stolen from the culture of Babylon.

Now, why do we take stories and this fake history from both sides, who hide the truth about their origins ?

They tell us fake history about us and about our roots, Which result in a big movement of ignorance, striking our identity with our approval. This has been the case for a very long time. How did they fool us to kill our identity and to promote their fake genealogy and fake history?

The first starting point or the first element that created the people of The Middle East, Especially us here in the Great Syria, are the Amorites. This is primarily defined and declared to let the reader know that a few educated people know the truth, but no one dares to declare it, because the Arabic-

ܒܢܝ ܠܐܡܐ ܗܘ ܐܝܟ ܕܐܢܫ ܕܐܬܐ ..ܐܝܟ ܕܐܢܫ ܕܐܬܐ ܡ

speaking people (who were Arabized) will act as a guard of the false Arab identity, and if anyone says that they are not an Arab, they'll be attacked or silenced.

Speaking of terms, I hate the world "Levant" since it's derived from the biblical terms, but sometimes I have to use it since it's common. The correct term is "The Great Syria" that includes the whole Fertile Crescent.

When you read the Bible or the Old Testament, you notice that the culture of the authors is nomadic, you read much about tents, goats, goat milk, and other Bedouin elements.

These elements tell us that the culture of the authors is contrary to the culture of others, and it conveys the hatred of those nomads towards the people of the Fertile Crescent, since the people of the Fertile Crescent know well about agriculture and domestic animals raising.

The other thing about their genealogy that is recorded in the Book of Genesis, it associates both Aram and Ashur in the genealogy of Abraham, and this strikes the two terms together Aram and Ashur. Aram is a word that refers to paganism, while Ashur refers to the god worshipped by the people who worship Ashur (the Assyrians) ܐܬܘܪܝܐ

The Jews (YehwehTayee) fooled the Assyrians, over the time, to believe that their language is called "Aramaic". I'm discussing the matter of names

ܒܓܡܠܝ ܒܗܕܐ ܫܘܐ ..ܫܘܐ ܘܠܐ ܕܬܝ ܐܕܝ ܡ

and terms, when I know the language called Aramaic is itself the Assyrian language. It’s just the Jews want to call everything “Aramaic” since the word itself refers to the Pagan.

If you observe the remains of the so-called Arameans, you will notice that they are a copy of the Assyrian Statues and remains ,and they have the same symbols taken from the Assyrian culture or the culture of Mesopotamia. The terms Aramaic and Arameans are both taken from the Jewish cult, and the term Aramaic is used by the Jews to refer to those who don’t believe in the Jewish culture and Judaism. I don’t know how they did it ! But it seems that through Judaism and Christianity, they managed to successfully manipulate the Assyrian minds. Today, the Assyrians are more Jewish than the Jews, damn Yehweh !!

The word Aramaic means the infidel or the Pagan worshipper. Some people in the past used the word Aramaea ܐܪܡܝܐto refer to Harran (northern Syria). The Assyrian root of the word Aramaic ܐܪܡܝis r’m ܪܡ which means to go above, go high or ascend, go taller, dwell above, etc.

The well-known Iraqi author Khaz’al Al-Majdi in his book “ The Arameans and their culture” said that the history of Arameans is ambiguous and vague, and there are no fair clues to their existence, since their remains resemble the Assyrian remains.

ܗ ܐܕܐ ܕܬܬܕ ܘܠܬܒܝ.. ܝܗܘܐ ܗܕܘܕ ܐܠܗܐ ܕܝܢ

Apparently, the Jews heard names like Ashur and added them to their fabricated genealogy, to appear all-knowing in front of the people to convince them that it's a revelation from their god. When a new author adds a new addition, the things go contradictory, since Aramaic means Assyrian to the Jews.

The dilemma lies in the big belief of the modern day Arabic-speaking people of the Great Syria (the Fertile Crescent) in being Arabs. This has been achieved by the writing or sayings of people at the time of the prophet Muhammad, like Abdullah Bin Salam, Wahb Bin Munabbih, Hammam bin Munabbih, Tamim Addari. They were all Jews converted to Islam and propagated some of the beliefs that were among the Jews, like stories about the genealogy of Abraham and many other things.

To me, I'm not going to let my children believe what the Jews say about our roots, and all the lies made up by those nomadic Jews, because the Jews and whosoever follows them like Christians and Muslims, don't care about anything except achieving prophecies. And these prophecies are only achieved through the destruction of our homes.

Don't let the Yehweh-Tayee , the nomadic jugglers (Jews) and goat herders (Arabs) of the deserts, sabotage your child's mind. It's better to let them be thrown to a far desert to hallucinate there as they wish.

ﻫﺬﻩ ﺍﻟﺼﻔﺤﺔ ﻻ ﺗﺤﺘﻮﻱ ﻋﻠﻰ ﺃﻱ ﻣﺤﺘﻮﻯ.

Chapter 2 - Foreigners writing our history

When the modern historians of these days talk about the situations here In the Fertile Crescent, they Assist themselves with The Bible and Other texts by Christians. Why to believe such things? What gives them the credibility? What makes them credible that can be trusted in the content?

I mean the author could be very Christian or a very strict Christian to write the things that suit or fit the myths of the Bible. So, what makes the authors, Whether the Bible authors or writers of other scriptures or historians, credible?

And the big question is, why to believe the Roman historians and their writings? They mix up things and makeup and create things, even though did not happen at that time.

For example, the Armenian historian Esibeus wrote about the presence of Muhammad with groups of both Arabs and Jews of 12 Tribes of Israel in Jerusalem As he claims. The Islamic records say that the prophet

ﻢﻟ ﻝﺬﻫ ﺖﺘﺘﺪ ﻮﻟﺎﺒﻟ .. ﻱﻮﻫ ﻩﺪﻫﺝ ﻝﺪﻤُﺠ

Muhammad didn’t go out of the Arabian peninsula, except once, when he had to flee Mecca towards Ethiopia. According to the Islamic records, Muhammad never gone to the Fertile Crescent at all.

Esibeus, the Armenian historian, is one of the cases that prove that many Christians wrote many false things, hoaxes and lies Just to prove one thing, that The so-called Israelites existed.

It is To reinforce the myth about the 12 tribes of Israel or the people of Israel, because if people of Israel do not exist, this means the whole Bible is a bunch of rubbish fairy tales.

Whosoever wins or gets victory, writes the history as they wish, but in the case of Christians and Jews, They write history through the propagation of religious things, and this is way stronger than any victory.

Imagine that you had the ability to make people or a large portion of the people believe that the potato is a God. So, anything said by the followers of this potato is going to be a holy thing, right?

And of course, people will rise up if you try to say anything about this potato. When the potato gives a command to the servants or slaves to have any portion of land they can get. Will you believe it? Will you believe a potato is a god? Well, it seems people believe, and they have the ability to be fooled.

Definitely, the men of this potato or the god they chose for themselves, will write many scriptures that were inspired by the potato itself, and

ﻢﻟ ﻥﺫﺍ ﺝﺕﺕﺩ ﻭﻟﺕﻝﻝ.. ﻝﻫﺍ ﻩﺩﻭﺝ ﻝﻫﺍ ﻥﻡُﺝ

consequently, there will be as commandments from the high power, which is the potato. A child won't believe this non-sense, but many adults believe.

A question should be asked, Why didn't anyone write anything except the Roman historians? why exactly the Roman Christian historians ?

People these days think that people of that time were Literate and that they could read, write, understand and maybe have some logic, etc. This is a fantasy, because 90 percent of the Roman Empire or the Byzantine Empire were illiterate. They didn't know how to read or write.

At that time, when people used Greek as a language, There were **TWO** skills, The reading skill and the writing skill, and they were separated skills.

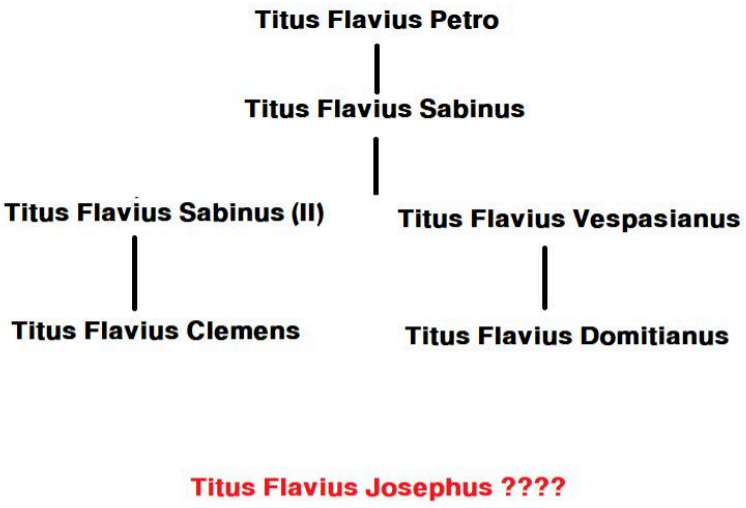
So, when you want to read or when you want to learn how to read, it's a single skill that is taught to you through a teacher, but writing is a different or a distinguished skill that also need to be trained or exercised by another teacher or the same teacher.

Among all the circumstances and all the things that I have mentioned l, where do you want to find good historians or good people to write down things in a just way?

One of the historians at that time who wrote about the Jews and the Romans at the time, was Yousifus Filavius or Josephus Filavius, whatever you call him. He was of Roman Roots, because his name was truly Roman,

ﻢﻟ ﺍﺬﻫ ﺔﺠﻫﻮ ﻲﻫﺎﻨ ..ﻲﻠﻴﻠﺨﻟﺍ ﺪﻠﺒﻟﺍ ﻦﻣ ﺍﺪﺣﺍ ﻲﻨﻌﻳ ﻻ ﺍﺬﻫ

and people claimed that he was a Jew or someone from the Middle East. As a matter of fact, this is a manipulation of the truth.



Titus Flavius Josephus ????

Here is the Royal family of the Roman Empire at the time of Josephus. So, Josephus was one of the Royal family. If he was an Israelite or a Jew as claimed by the Jews, why his name was so linked to the Royal family?

Some liars tried to patch this through making up a lie, that Josephus had a name and his name was Joseph Mathew, and when he moved to the Capital of Rome, he was given the name Josephus Filavious or Titus Flavius Josephus.

Let's believe this for a second * a smirk on my face * , why to change his name?

Take me as an **Example**, when I want to live in Italy, I travel there to, for example, Venice. Once I get there, the government will register my name as it is, but according to the lingual norms of Italy. Will they name me

ܟ ܐܕܐ ܕܬܬܕ ܘܠܬܒܝ.. ܝܐܝܢ ܗܕܐ ܒܐܡܪ ܒܕ

anything other than “Yasien ” ? Of course, not !! This is not going to happen.

If they changed my name to “Fernando Panderi” for example, it means there is something wrong , or my real name within the records was really Fernando Panderi. It’s the case with Josephus, he was a Roman, but claimed the Jewish personality to revive the Jewish garbage through fabricating more and more hoaxes. They got the paper, their author, the content, and the target. Who’s going to suspect, respond or question? They were very few who could read.

I don’t have to care about the historians, and to me they are all liars, since they write things that fit Christianity, and of course, fit Judaism.

It’s shameful to believe their news, and I know my people believe these thing, because they think they will he cultured enough to know what do these authors write, but at the same time, these writers or authors are striking our identity to bring victory and pride to Christianity and Judaism Over our dead bodies.

Bart Erman, in his book “Jesus, Interrupted” says that the Bible authors were **Highly** educated In Greek, and the language used in writing the gospels is of High level. This means that the mother tongue of the bible authors was Greek, not Assyrian ! And it means they were Romans, since the elite of Romans knew how to read, write and produce a high level of Greek. Greek was the formal language of the Roman Empire and Byzantine Empire for most of the time.

Why didn’t the authors of the gospels use Assyrian (Syriac) ? Why did the

author of the gospels use only their first names and omitted the Last names?

In one of the gospels there is a story or parable about Jesus going somewhere near Sur with his companions, and he met a Canaanite woman asking him to heal her daughter. Just hold on a minute!! The Old Testament told us that the Israelites Killed all the Canaanites, right? how did the Canaanites come back To life? Is it a miracle performed by Jesus to bring them back to life?

Did someone make up a lie in the Old Testament? It seems the authors know nothing about the geography and about the people of the Fertile Crescent or Great Syria!!

That's why I'm assuring this point that there were many authors of both the Old Testament and the New Testament, and of course, no author knows the other, or at least there was not a meeting between them, except the case with the New Testament, in which the four gospels agree on the same content and the same story, with mere differences.

By this, I mean the authors of the old testament never met and never agreed on some context, but each one of them saw what the other wrote and completes the context according to his point of view.

There is another thing confirmed by Bart Erman, and it's that the authors of the gospels were outside Palestine, and they know nothing about the geography of Palestine. Even Paul, the disciple who wrote messages preaching Christianity, did not live in Palestine, and his native tongue was Greek !!

ﻫﺬﻟﻚ ﺟﻮﺩﻫﻮ ﻳﻬﻮﺩﻱ ..ﻳﻮﻧﺎﻧﻲ ﻭﻟﻜﻦ ﻟﻤﺎﺫﺍ ﻧﺼﺪﻗﻪ

Why to believe this Greek Jew?

If Paul (Saul) and the authors of the gospels were anonymous and their native tongue was Greek, why to believe these authors working for the interest of the Roman Empire? Paul was a Greek Jew, and the Roman Empire, according to the gospels, implement what Judaism tells the Jews to do !

Maybe there wasn't some called Paul (Saul), maybe there weren't Mathew, Mark, Luke, John. It maybe a bunch of parables written to entertain, and some people somehow made them holy.

This is not okay at all, because the Roman Empire is an occupation, as they say, and as the Bible claims. Since when the occupier lets you impose your religious laws on the people of the empire?

Imagine being in a land with a majority of Muslims under the rule of a Hindu government, and this Hindu government implements the Shari'a law. What do you consider it ? An Islamic state or a Hindu state?

Indeed, it's an Islamic state !

This is the case with the Roman Empire and the Jews, according to the gospels. When the Roman Empire implements the Jewish law, then it's a Jewish Empire. What an oppression ! *crocodile tears *

I don't believe in anything of this, but this is just to show you that these authors contradict themselves very much in a way that debunks their lies.

ﻫﺬﻟﻚ ﺟﻮﻫﺮ ﺍﻟﻤﺴﻴﺤﻴﺔ .. ﺍﻟﻴﻬﻮﺩﻳﺔ ﻣﻐﻠﻔﺔ ﺑﺄﻟﻄﻒ ﻛﻠﻤﺎﺕ ﻭﺃﺣﻼﻫﺎ

The Christian faith is basically a Jewish faith, but in a more modest outfit, bearing the sweetest words while hiding the poison. So, don't believe a Christian, a Jew nor a Muslim in what they write. They all agree on one thing, the Jewish hoaxes.

We are told the story of Judas betrayal of Jesus. It contradict itself, once told by Matthew that he (Judas) hanged himself out of shame, but in the Book of Acts, We are told that Judas fell off And burst open. This conveys a crucial message, that the bible contradicts itself in many ways.

Beyond all, there is something we need to confirm, it's that there is no authentic author from The people of the Middle East wrote anything about us, because The whole population were illiterate Who couldn't read or write. All the authors were Romans or Armenians. Why I have to believe an Armenian or a Roman? What are the motives behind writing this history to fit the view of Jews, Christians and Muslims?

If there is no one among us wrote anything about us, then the whole history is over. It's not correct at all, and if there is something right in it, it may be 5%. This is a fake history to serve the Roman Empire in controlling the Fertile Crescent and the rest of the empire.

All the writings available about the Middle East and North Africa were written by religious personalities and their religious scriptures. Why? Why

ܒܙܡܢܐ ܕܐܢܫ ܗܘ ܠܐ ..ܒܠܚܕ ܕܐܬܐ ܕܐܢܐ ܡ

only them? It seems our ignorance and our illiteracy made us submit to their decision to write about us as they wish. We haven't compared anything with the remains or statues and the materialistic findings through excavations So far.

Who should examine this history? Us or them? Who should write our history? Us or them? Why do I let someone else of another race or another ethnic group of another culture to talk about my identity and my roots?

This is the problem with my people, that they accept anything by the western people or foreigners. Let's say it frankly, I cannot accept a colonizer, whether a Roman, Byzantine, English or anyone to have the right to write my own history and form my identity as they wish. This is not acceptable at all and if people accept this, They are just a bunch of scum slaves.

I would like to say that these hoaxes, such as Christianity, Jesus, and the kingdom of Juda and Samira, or whatever they call them. They are all hoaxes to impose Judaism, the nomadic barbaric religion of the Yehweh-Tayee in the Southern Iraq.

If there was something called the kingdom of Israel, its name would be preserved by the Romans, as they preserved names like Bersheba, Which was Bersoba in Greek, and Gaza was Aza. The Romans did not write

ܒܕܡܠ ܗܕܐ ܗܘ ܐܝܬ ..ܐܝܠܬܐ ܕܬܕ ܠܕܐ ܡ

anything about Israel and all these Jewish things. Even though Judaism and Christianity were to serve the Roman Empire, the Romans preserved some of the truth, not because they were good and just, it's because they had no opportunity to rename or modify the names.

These hoaxes were imposed by the Roman Empire to strike or wipe out anything left of the Assyrian Kingdom. It is because the Assyrian Empire forbidden or banned juggling and sooth saying, and these actions were prohibited by the Assyrian Empire. So, the Romans wanted to do the opposite, and allowed them in order to give a chance for the Yehweh-Tayee (the lovers of Yehweh) to evolve into a religious group. These Yehweh-Tayee were the Chaldeans, who evolved to a separate religion, as illustrated in the first chapter.

I refuse to be like English people, who allowed the Byzantine Empire to manipulate their language, and have it Latinised. I refuse to let those historians change the truth, and take out our roots with the consent of my people under the pretext of "history says" Which history? Written by whom? What for?

Freedom is basically to liberate yourself from anything against you. Are my people free? Do they know about freedom? The first step to liberate yourself, is to reject anything not by you, and doesn't go against your dignity.

The Arabic-speaking people of my home are nothing but followers of the current. Unfortunately, no one of them rejects Semitism, and no one rejects

Judaism.

I remember in 2022, when I went to the Ministry of Culture to publish a book I wrote, they referred me to the Ministry of Religious affairs. Why ? I didn't know the reason at that time.

It appeared that anyone wants to publish a book, they must present their material to the Ministry of Religious affairs. It doesn't seem okay, but I went.

When I headed to the office of the Manuscripts And Remains Body, within the Ministry of Religious affairs, I sat with the manager. His name was Abdullateef Abu Hashim.

We talked about my book material, and I mentioned Judaism in my talk, and once I mentioned Judaism and its danger, Abdullateef warned me not talk about it and not to try to discuss anything within Judaism. I was really perplexed, why did he threatened me not talk about Judaism? It's supposed to be the source of our troubles, and we should talk about it and warn our people. Right?

After nearly a month, I was given the results paper, and they threatened me not to talk about anything except the Arabs, and Abdullateef said to me
" don't talk about anything, except the Arabs. Don't try to publish anything other than the Arabs and Arabic language"

Both of them (Abdullateef and the other man by the name Ibraheem

ﻢﻟ ﻥﺍﺫ ﺖﻨﻛﺩ ﻭﺪﺘﺑﻱ .. ﻱﻮﻫ ﻩﺪﻫﺎﺸﻟ ﺖﻨﻛ ﻥﺍﺫ ﻢﻟ

Hassouna) threatened to put me in jail, if I publish anything about Judaism or suspecting the (false) Arab identity. I felt sad and frustrated, and I wondered " why are my people respecting the other side that offends them day and night??"

That was the starting point for me to be stubborn. I can't bear this kind of humiliation. Why to ban me from expressing myself? I haven't hurt anyone, why are they being cruel to me?

The only conclusion I came up with is that the Jews control them in a way we know nothing about. Probably, the materials that are discussed and checked to be published are presented to the Jews !!

This is my problem with my people, they want to protect Judaism, but on the other hand, Jews mock them day and night. The Jews mock everything about the Middle East, and yet, people do nothing about it.

I refuse to let the minds of my children to be controlled by the Jewish hoaxes and myths; and I reject all this history that was written by religions that target nothing but brainwashing us. That's why I decided to turn to self -publishing over the internet, to be out of the government dominance and control.

Dear reader, will you let your children be brainwashed by Jewish myths?

لماذا يتحدث القرآن عن الأنبياء اليهود ..

The Arabs want to protect Judaism to protect their fake genealogy and to preserve the myths and the hoaxes written in the bible about their prophets, since they are mentioned in the Quran, and consequently, they are holy !!

The Arabs (true Arabs and Arabized people) have so much emotions towards Abraham, since they believe that Abraham was his grandfather or the father of their ancestry or genealogy.

The Jews are more practical, they want to gain power and control the people through this opium called religion. The Christians have the same thing, their interest is to bring money to the church and control the minds of their people. Believe that Jesus is Lord and the Messiah, you are saved !!

We are the victims of all this non-sense, and the dilemma is in our fathers' belief in such stupid and brainwashing things. What a misery !!

Chapter 3: Stolen from Mesopotamia

When you read the bible, you come through names of kings and personalities that the Jews boast about. These names include kings and prophets. Are they real?

Well, let's take Samuel as a good example. His name is well-known to the readers of the Bible, there two chapters of his name in the old testament, and he was a great king of the Jews. Right?

Well, Samuel was not Jewish, and he never controlled or became a ruler to the Jews. Who was the true Samuel?

According to "The gospel of Babylon" by Khaz'al Al-Majdi, there were 5 governors of Babylon's districts under the rule of HamoRabi, and they were:

- SomoAym
- Samu'el
- Saba'eem
- AbelSeen
- AbelMabbleT

ڕ ڕەنگە جێگەی سەموئیل لە بابل.. چۆن ناوی نووسراوە لە تەورات وەک یەکێک لە پاشاکانی جولەکە؟

So, Samuel was a district governor in Babylon, how did his name was taken and written in the old testament as one of the kings of the Jews?

The Gospel of Babylon, by Khaz'al Al-Majdi, also tells us through excavation that at end of the times, when Babylon was destroyed by the Persians, the Persians took over Babylon, and the people of Mesopotamia revolted against the Persians, and when the revolt succeeded, imagine who came to support the Persians? The Makkabites!

Now, we understand from the Bible that the Makkabites were in Palestine, right? How did they pass these thousands of kilometres all the way to Babylon? Did they have F-16 fighters? Did they have vehicles?

It is illogical to think the way the bible says, it's a rubbish text. Let assume the Makkabites exist, they ought to be near Babylon, because when you want to support your ally, you must be close to the border.

The other thing proves that the Jews are liars, is when Bilthazer the son of Nabunaheet allowed the Jews to propagate their religious views among the people of Babylon. Nabunaheet insisted on monotheism, through worshipping his god "Sin" , so he appointed his son Bilthazer as a ruler of Babylon, and he (Nabunaheet) took his followers and some Jews, heading to the north of the Arabian peninsula in Taima.

Nabunaheet defeated the king of Taima and went straight to Yethreb (Mecca), and there he, with the company of the Jews, spread his religion, and he made Yethreb his center of worshipping the god "Sin"

When Nabunaheet returned to "Ur" (Ur-Shalam), he found the Jews

spreading their religious views freely. The Jews were waiting for Cyrus the Persian to save them, and consequently, the king of Persia, Cyrus, attacked Babylon. The Jews called **Cyrus the Messiah** at that time. Why did they call Cyrus a Messiah? He must be a Jew (Yehweh worshipper) like them. Right? So, the Jewish ethnicity is a hoax, since it includes the goat herders (Tayee), the Chaldeans (Yehweh-Tayee) and Persians !!

Nabunaheet defeated the Persians and attacked the revolt of the new Jews of people of Akkad.

What we understand from this record is that Judaism was created and born in the Mesopotamia, by the Chaldeans (Yehweh-Tayee) with the support of Persians.

One of the interesting stories mentioned in the remains of Mesopotamia is the story of Atra-hasis 𒀀𒊭𒅎𒄣𒉡𒀭𒊏𒀀, who had an unusual dream,

and he went to the temple of Iyya (their god) and Iyya responded to him that he should make an ark and take one of each species. Atra-hasis created the ark with same specifications recommended by Iyya.

This is the same story of Noah, right? This story of Atra-hasis is way older than Noah and Judaism, and it proves that Judaism was nothing but stories altered and stolen from the Mesopotamia.

How was this story taken from the Mesopotamia? Why did the YehwehTayee (the Chaldeans) changed the name of Atra-hasis with Noah?

There is also another proof that the first core of Judaism took the

ﺣﻤﻮﺭﺍﺑﻲ ﻭﺳﻤﺎﻫﺎ ..ﺑﻠﻮﺡ ﻣﻮﺳﻰ ﺍﻟﺘﻮﺭﺍﺓ ﻫﻲ ﻗﺼﺔ ﺳﺮﻗﺔ

Hamourabi laws and named them the Torah of Moses. Even when Yehweh handed the Tablets to Moses, it was a story stolen from Hamourabi's receiving the tablets of law from Merdoch. The commandments and the laws of Judaism were taken directly from the laws of Hamurabi. The same content with a tiny modification. Isn't weird? It proves that Judaism was nothing but a collection of mythology of Mesopotamia.

Let's get to the point where it shows that this book (old testament) has nothing to do with monotheism.

In the book of Genesis, it starts right away with the line that goes in their filthy Hebrew " Birisheet Bara' Elloheem ha Shamayim ve ha Arets"

Now pay attention to the word **Eloheem**, what does it mean?

Eloheem is a plural form, and the singular of it is Eloh, and Eloh means a god, according to their claim. The line mentioned above means " in the beginning, [gods] created the heavens and the earth" who are these gods if it's a monotheistic religion?

It's derived and brought from the Babylonian myth of creation, when the gods like Inlil and Iya decided to create the world from among the darkness. It's the same as the very first lines of the book of Genesis say. Gods (Eloheem)

Even their god Yehweh is taken from Midean and Mesopotamia, it (Yehweh) was the god of wind and air in all over the Mesopotamia. It's name is derived from these ancient words "haw", "Ihweh", " Iahu" etc.

ـﻫُﻤﻟا ﺝﻮﺠﻫ ﻱﻮﻫﺍ ..ﻱﻮﻴﺒﻟﺍ ﺩﺪﺠﻟﺍ ﻢ

The things that were taken from Mesopotamia:

1- Samu'el, a district governor.

2- The Makkabites (southern Iraq)

3- The Chaldeans stole the myths and practices of Mesopotamia.

4- The Arabian peninsula was the second place after Babylon to propagate Judaism.

5- The Atra-hasis story that was altered to Noah's ark.

6- The Torah laws (Hamurabi laws)

7- the Babylonian story of creation

8- Their god Yehweh is an old god worshipped in the Mesopotamia.

9- The creation of the world brought from the Babylonian creation story.

These mentioned above are the least that could be mentioned as things stolen from the culture of Mesopotamia. This leads to a couple of questions to the Arabs.

You filthy Arabs, why do you insist on believing and promoting Judaism and its myths?? Why do you want to impose the Jewish control over our lands and my people? Arabs, why do you want us to leave our roots and identity to be hidden beyond the past? What's the benefits of having a genealogy with the Jews?

لماذا تريد أن تروج لليهود كعرق وليس كدين؟ لماذا تريد أن تفرض علينا الإيمان بالخرافات اليهودية بينما اليهود أنفسهم يكرهون نبيك محمد؟ متى ستتخلى عن خرافات اليهودية وأنسابهم التي تربطك بإبراهيم الخيالي؟

Why do you want to promote the Jews as a race not a religion? Why do you want to force us to believe the Jewish myths when the Jews themselves hate your prophet Muhammad? When are you going to reject the myths of Judaism and their genealogy that connects the fictitious Abraham with you?

يا عرب، لماذا تغمضون أعينكم وتصمون آذانكم عن سب اليهود لعرقكم ودينكم؟ يا عرب، لماذا تريدون أن نحتل من اليهود والنصارى؟ هل هي نبوءة تنتظرون أن تتحقق؟

Arabs, why do you always turn a blind eye and a deaf ear to the swearing of the Jews to your race and to your religion? Arabs, why do you want us to be occupied by Jews and Christians? Is it a prophecy you are waiting for it to come true?

ما هو الفخر في الانتساب إلى أنساب إبراهيم؟ هل أنتم متأكدون أن إبراهيم قد وجد؟

What's the pride in being associated to the genealogy of Abraham? Are you sure Abraham ever existed?

لماذا استخدم اليهود قواعد اللغة العربية ومفرداتها لخلق عبريتهم الخيالية؟

Why did the Jews use your Arabic grammar and vocabs to create their fictitious Hebrew?

لماذا تخضعون لليهود بينما هم دائما يسيئون إلى عرقكم بربطكم بالجارية هاجر؟

Why do you submit to the Jews when they have always offended your ethnicity through associating you with a slave woman called Hager?

أعلم أنه لا توجد إجابات من العرب على الأسئلة أعلاه، لكني متأكد أنهم لا يستطيعون رفض اليهودية، لأن حكام ما يسمى بالعالم العربي ليسوا إلا يهودا يخفون معتقدهم في نفاق ممتاز. إنهم الكلدانيون في الماضي، الذين يحكمون شبه الجزيرة العربية.

I know there are no answers from the Arabs to the questions above, but I'm sure that they cannot reject Judaism, because the rulers of the so-called Arab world are nothing but Jews hiding their own belief in an excellent hypocrisy. They are the Chaldeans of the past, who are ruling the Arab peninsula.

ﻫﺬﻟﻚ ﻫﻮ ﺍﻟﺬﻱ ﻳﺼﺮﺡ ﻭﻳﺼﺮﺡ ﻭﻳﺼﺮﺡ ﻟﻜﻢ

If your ruler or governor appears on TV saying slogans about defeating the Jews while at the same time having hidden connection and cooperation with the Jews, what do you call him or her?

A black sheep! And if Arabs have had any dignity within themselves, they would have stepped down their rulers and their beliefs.

When the Jews had nothing of their creation, and they were just nomads in the deserts and the Romans helped them develop their religion, what's so special about them? There must be a benefit behind it.

Why do you Muslims insist on giving the credit to the Jews in bring the first monotheistic religion? Don't you know they worship 2 gods?

Let me break it down for you. The Jewish scriptures mention two names for their god. The first one is "Ell" as in names like EliSabat (Elizabeth), Ishma'el (Ell has heard), Michael (Mikha Ell), Ell-Shadai, etc.

Ell was worshipped by the people of the Middle East in the ancient times. Ell was the head of gods, and Yehweh was lower than Ell. Yehweh is just a god of winds. If Judaism's core is monotheism, why did they take the pagan god of others?

It's well-known to the people that the Jews consider others as pagan worshippers, but why did an unknown sect of the Jews take Ell as a god

ـهُدَلا ةوده ـهيا ..ـهيلـتلا دـتـد ـلذا ـم

and documented it in the names and phrases?

The second god is Yehweh, as in names like Yeshua (Yehuasha' = Yehweh Sha') , Natanyahu (Natan Yehweh)

Were the YehwehTayee - the Chaldeans - the first core of Judaism, since they worship Yehweh?

It seems like that Judaism started with two currents, Yehweh worshippers (YehwehTayee or the Chaldeans) and Ell worshippers. The Ell worshippers were those who chose to follow the YehwehTayee in their practices but kept worshipping Ell as Yehweh,promoting Yehweh as the head, and Ell associated with him.

Remember the first line in Genesis?

"birisheet Bara' Elloheem ha shamayim ve ha Arets"

Elloheem? The plural form of Elloh, another synonym to Ell.

It's like you merge the position of the president and the vice president into one position, the prime minister. Ell is the head of Gods, and Yehweh was a god of winds under the rule of Ell.

It has never been a monotheistic religion, but some authors later united both Ell and Yehweh to mean the same god, and to appear as Ell is just an

ﻫﺬﻟﻚ ﻳﻬﻮﻩ ..ﻫﻴﻜﻞ ﻭﻟﻜﻦ ﺩﺗﺪﺩ ﻟﺬﻟﻚ ﻡ

alternative name to Yehweh, and the pretext has been to not utter the god's name, out of respect and submission.

The later authors corrected and added and modified the text to rectify the Jewish doctrine to be monotheistic.

The question is to the Arabs, not the Jews, even though I don't respect nor like both of them. Why do the Jews claim that it's forbidden to utter Yehweh's name when it's included in some of their names?

Isn't a lie that they respect Yehweh's name?

Apparently, they fooled the world much about their god, and they portrayed it as the god of the prophets, when at the same time they cannot interpret the reason behind associating their names once with "Ell" and once with "Yeh" or "Yehweh"

Another lie about Judaism, is that it's the opposite to the paganism. Why does Judaism care much about the temple of God? Isn't the temple an element of paganism?

In the ancient times in Mesopotamia, the temple of any belief was called "Iggala" and the word evolved into "Haygel" and "Haykel" and they all mean Temple. There were many temples all over the region, one of them was to

ܟܠܕܝ ܝܗܘܝ ..ܝܗܘܬܝ ܘܟܬܒ ܠܗܕܐ ܡ

the Chaldeans (YehwehTayee) the jugglers.

I would like to ask some questions to the reader. If there is anything true about Judaism, why do they hate Babylon? Isn't the place that Judaism stole its myths from? It’s like when you successfully steal a shop, but you can’t pass the street of that shop, due to the feeling of shame. That’s why the Jews hate Babylon and called it “Babylon the fornicator” or something similar. They hate it because it was the source of their stolen stories.

Why are the Jews interested in getting rid of the remains of ancient cultures? ISIS looted many remains and these remains were sold to Israel. Why?

I see this from my point of view, they want to annihilate anything related to the ancient civilizations in order to hide the secrets, for not being debunked. Fortunately, the excavations and logic prove that they are nothing but jugglers fled from the Assyrian Empire, when juggling was a crime.

Unfortunately, Nabunaheet (sometimes called Nabuna'eed) helped the Chaldeans in creating the terms Arabs and Jews. This traitor was the reason behind bringing the Chaldeans to the so-called Arab peninsula, and created new generations of Chaldeans but in new names, the Arabs.

In the modern day Yemen, there is a clan called كلد "Chald" or "Kalld", and

ܟܠܕܝ ܕܐܒܗ ܕܝܥܩܘܒ ..ܗܘ ܕܐܡܪ ܠܗ ܡ

they belong to Yafe' يافع tribe. It seems Chald clan's name was altered from Chaldaee ܟܠܕܝ into Chald. Compare the two words, ܟܠܕܝkaldè and ܟܠܕkald.

There was a term among the early Muslims to describe the times before Islam, and it was Jahilyah or "Gahilia". The Arabs translate it as "ignorance" but the Jews translate it as "diaspora". I'm not much sure of how correct this piece of info is, but the Jews in the Arab Peninsula were not few.

They believed that the Arab peninsula was a diaspora, and their home was their temple of juggling, Ur of Chaldeans in the southern Mesopotamia. In the Arab peninsula, juggling and divination were very common.

The Islamic hadith records have some signs concerning Judaism among the people of the Arab peninsula. Read them to notice how much close they were to Judaism (their past faith)

1st Hadith:

" I met `Abdullah bin `Amr bin Al-`As and asked him, "Tell me about the description of Allah's Messenger (Muhammad) which is mentioned in Torah (i.e. Old Testament.") He replied, 'Yes. By Allah, he is described in Torah with some of the qualities attributed to him in the Qur'an. "

2nd Hadith:

" Narrated `Abdullah bin `Umar:The Jews came to Allah's Messenger (Muhammad) and told him that a man and a woman from amongst them had committed illegal sexual intercourse. Allah's Messenger said to them, "What do you find in the Torah (old Testament) about the legal punishment of Ar-Rajm (stoning)?" They replied, (But) we announce their crime and lash them." `Abdullah bin Salam said, "You are telling a lie; Torah contains the order of Rajm." They brought and opened the Torah and one of them solaced his hand on the Verse of Rajm and read the verses preceding and following it. `Abdullah bin Salam said to him, "Lift your hand." When he lifted his hand, the Verse of Rajm was written there. They said, "Muhammad has told the truth; the Torah has the Verse of Rajm"

[Reference: Sahih al-Bukhari, 3635

In-Book Reference: Book 61, Hadith 139]

The issue or the conflict between the prophet Muhammad and the Jews is not about the doctrine, they much agree. The Jews want a Messiah or a

king to conquer and settle their doctrine, but Muhammad and his followers brought their religious views, and these views include recognizing Jesus (Isa) the son of Mary as the true Messiah.

The prophet Muhammad and his followers succeeded in pinning their doctrine all over the Middle East and North Africa, and this makes the Jews furious, because it blocked the way in front of the Jewish Messiah, and then the myth is dead.

Muhammad's doctrine or the Quran is a generic monotheistic Christianity, but not the type of Christianity that is acceptable by the Jews and Orthodox Christians. Muhammad’s Christianity rejects the Jewish Messiah.

When the coming of the Messiah, in Islam, is not related to a Jewish king bringing victory and supremacy to the Jews, what's the benefit of this Messiah to the Jews and Christians? Prophecies are gone !!

This is not the type of Messiah that the Jews want. Their Messiah is a cruel brutal warrior, who is expected to annihilate and kill all the enemies of the Jews, and enslave the pagans (Goyeem). The Jews want their Messiah to reward them more than 1,000 pagan (non-Jewish) as slaves. Can you imagine how horrible their religion is?

Jesus (the Messiah of Christianity) doesn't fit the Jewish Messiah, even Jesus (Isa) of the Qur'an doesn't fit it.

ﻫﺬﻩ ﻫﻲ ﺍﻟﻤﺸﻜﻠﺔ .. ﻭﻟﻜﻦ ﻟﻢ ﻳﺘﻢ ﻣﻨﺎﻗﺸﺘﻬﺎ ﺟﻴﺪﺍ

The matter of false and fake writings has not been discussed well, but as Bart Erman said, that the literary forgery was very common in the ancient times, and this means that someone writes some book and attributes it to a very famous person.

After all this, do you think any ancient book or writing can be trusted?

Can you believe someone like Yusifus (Josephus) Filavious? A Roman Jew? Who's going to compliment the writing except the author?

Probably, someone wrote under the name of Josephus Filavious, or Josephus was working as a hired author to the authorities. At the end of the day, books cannot be trusted, and every colonizer claims the right to themselves in determining the destiny of others. It’s the same as Lawrence of Arabia did with the Arabs, he lived among them and knew everything about them, for what? To know the way they think.

Religion is the opium of nations, and this has been the case since ever. Each empire or a government needs a religion to depend on !! This has been the case with the Roman Empire and the Byzantine Empire, when they both revived Judaism and created Christianity (the new Hellenistic Judaism).

Remember the Egyptian President Anwer Assadat? Some of his speeches were about him being the religious conservative president, but he dismisses his conservative personality when his guests are non-Muslims,

ﻫﺬﻟﻚ ﺟﻬﻨﻢ ﻳﻬﻮﻯ .. ﻭﻟﻜﻦ ﺑﺘﺒﺪﺃ ﺑﺎﻟﺮﻗﺺ ﻣﻊ

the vulgar belly dancers start entertaining right away!! He doesn't believe in the whole thing of Islam, but this is just to control his people. To what? To control !!

Moreover, he always claimed that he was a Quraishi Arab, but the whole world knows he was a pure Nubian Egyptian, and by his facial features you shall know him.

It's been the same thing with the ancient empires, they used religion. The **OPIUM** !! And whenever you take a puff, you need more and more.

Chapter 4: John the Baptist and Jesus

Jews and Christians have always considered John the Baptist one of the core personalities in Christianity. Who was John the Baptist?

John's name was "Yehiya Yuhana" In the Mandaean dialect of Assyrian.

Yehiya ڵڕڕڕ means a spiritual guide, and Yuhana means John. Jews

and Christians claim that the name Yuhana originates from Yehweh + Hannan. Well, if it's so, why do the Mandaeans don't interpret it so? It means something else to them, and it's above your heads, you Jews and Christians !!

John, as Jews and Christians claim, was in the territory of Jordan Valley and the West Bank. When you read the bible, you notice much that the bible pictures John the Baptist as a helper to Jesus in baptising the people and in guiding them to return to God.

Well, things seem okay and nothing wrong with what is said. But don't you know there was another John the Baptist? Let me break it down for you. John the Baptist was the prophet and the spiritual guide or leader of the Mandaeans, how could be two personalities with the same name at two

places? Well, the Mandaeans and their prophet Yehiya Yuhanna were in the Mesopotamia near the Euphrates, and one of their belief is to be baptized in the day light with the water of the Euphrates. We can't deny that this is the truth since the Mandaeans kept their beliefs away from the others.

The Bible claims that John the Baptist was there in Palestine and he called people to return to God through disciplining and baptism, and as the bible claims, he was executed by the Romans because a Jewish woman wanted his head on a plate. Every Christian knows the story !

The Bible doesn't tell us the reason behind wanting his head on a plate, but it means that the Jews hate this person, right? What guilt did he do? Nothing in the bible is against him, he was not accused of any charge. According to the bible, he was baptising people and calling them to return to god, and he lived in the simplest way of life. No risk from him at all, and there must be a reason for killing him, or .. his story in the bible was made up !

Think about it for a second, why to kill an innocent man who does nothing but preaching? If you use the bible alone, you won't find a clue. Even if the Roman Empire sees him a threat, why to fear him since the Romans implement the Jewish laws? So, he wasn't a Jew, and someone stole his story and fabricated it, and put it in the bible.

The search behind the killing of John the Baptist is in vain, because there's no logic in the story itself, and there must be something not right at all, or to somehow make the incident of killing him a prophecy be achieved.

Let's get to the real John near the Euphrates. John (Yuhana) the Baptist or the prophet of the Mandaeans was there with his people, and Yuhana was

ڕ ڵاذا ڊتـتـد ڤڵـتـڀـبـ.. ـبڵاهـبـ هـدەڊ ڵاـمـڈـ

taught the needed teaching. Yuhana warned his followers from the Roha (the devil) whose other name was Adonai the god Shemsh (the sun worshipped as a god).

In Harran Gwaitha, we are told that the Jews worshipped Adonai (the sun), and Adonai the sun was called the god of the house of Israel. This tells us another thing, that the Jews didn't first worship Yehweh, but their first god was the Sun.

So, what kind of monotheism the Jews do the Jews keep taking about? Thet weren't monotheistic, but they kept changing their god. From Adonai the sun, to Yehweh to El. It probably was the result of three different religions, and maybe that's why the word (Eloheem) in Genesis was put.

Harran Gwaitha keeps telling us about Jesus the son of the virgin Mary (Miriyay).

According to Harran Gwaitha, Jesus learned the secret divine practices and he committed himself to fasting, and he gathered a nation to himself. His name later became Ishoa' Mshihah ڵـتـهـڕ ڵاـتـهـ and after learning the

Mandaean faith, he changed everything in his doctrine and made them as he wished. He settled in Mount Sinai as his center for preaching and teaching all the mankind. He was also called "The baptised one"

We are also told that the city of Nazareth was a place of worshipping Inbo (Mercury), and there was a group of followers of him in Qum.

ڕ ڕذدا ڕتڕڕد ڤڵڕڵڕ .. ڕهوا ڕهوا ڕەدەڕ ڕڵمُڕ

Apparently, the Harran Gwaitha knows exactly about Jesus, but in different details than mentioned in the bible. For example, his place for preaching was Mount Sinai. This makes the reader ask a question, like why was he there in mount Sinai? He assuredly knew the place very well.

Harran Gwaitha (the revelation of Yuhana) was not against Jesus of Mount Sinai, but it reports him taking the Mandaean religion with his own modifications, but on the other hand, Harran Gwaitha points to the Jews as the bloody enemies. This reveals much about the real Jesus, and it vividly declares Jesus was the unjust son of the Mandaean faith, because they never claimed Jesus was a Jew.

Chapter 5: The real Jewish doctrine

The Mandeans kept the record of their times when Judaism started in the Mesopotamia. Mesha (Moses) was the prophet of the RoHa ڈهسا or the evil spirit Adonai, and the Ginza Rabba (the holy book of the Mandeans) warns the Mandeans from the Yehweh-Tayee or the Jews, saying that Adonai chose Ur-Shaleem, the city of the Jews. And the Ginza Rabba says the following about them:

1. They circumcise themselves with the sword
2. They spill the blood on their faces to worship Adonai
3. The Jews let their wives have sex with other men.

   By the way, they still do it till this day. Shula Cohen (as far as I remember her name) exploited the Ottoman Caliph using sex, and the same thing happened with an Israeli minister, Tzipi Levni, who had sex with some Arab leaders. It's because it's not a sin in their religion to have sex with anyone other than the Jew, and a fornication is just if it is with a Jewish man.

4. The Jews have sex with their indisposed wives in the time of period.

   This tells us that they didn't know anything about the cleanliness. A rational common man cannot bear the idea of having sex with his indisposed wife.

bloody people. How dare you say that those are the chosen people of God? Their god is the devil of this world as the Mandean faith says.

Was Nabunaheet the leader of the Jews? Well, we don't know, but all we know that he helped them to evolve, and we don't know if Nabunaheet practiced their practices, and since he moved there to Taima, he must done something shameful that goes against the law and the norms of the people , and consequently, he took the Chaldeans (the Yehweh-Tayee or the Jews) to Taima.

There was a damaged pamphlet discovered near the dead sea, and it was a message belongs to Nabunaheet . It includes a prayer by Nabunaheet, in which a prayer to the god Sin (the moon). Of course we know that Nabunaheet spread his religion in the Arabian peninsula , but somehow his Yehweh-Tayee spread the religion near the dead sea, or someone fled with this pamphlet when the prophet Muhammad forced the Jews to leave the Arabian peninsula, when they betrayed him.

Anyways, I don't care about them much, but I'm perplexed by my people who believe that those fornicators and bloody nomads Chaldeans (Yehweh-Tayee) have a religion from God, and their god Yehweh (curse and misery be upon it and its followers) chose them as his own chosen people. The most heart-burning thing is that people consider Yehweh as the god of the world.

To hell with Yehweh..

To hell with Semites...

To hell with Yehweh-Tayee and Tayee ..
